Why Choose Camp Sunshine

Sunshine Summer Camp is conveniently located throughout Broward County at select elementary schools and community centers. More than just a camp, Sunshine is a place where laughter, friendships, and unforgettable summer memories are made. Our program blends enriching academic support with exciting recreational experiences, all within a safe, secure, and nurturing environment where children feel valued, encouraged, and celebrated.

Each day is packed with **SUNSATIONAL summer fun**! Campers enjoy swimming, bowling, arcades, laser tag, water parks, movies, ice cream days, dances, games, arts and crafts, and so much more. From themed days to special events, our staff brings energy, creativity, and joy into everything we do, because at Sunshine, fun is part of who we are and camp is something we truly love.

Since 1992, **Sunshine Child Programs** has proudly provided high-quality, school-age childcare to families across Broward County. As a not-for-profit organization, we are fully licensed and insured, offering trusted after-school care as well as programs on non-school days, during winter and spring breaks, and throughout the summer. Camp isn't just something we do, it's something we're passionate about, and it shows in the relationships we build with our campers and families year after year.

Join us as we celebrate **34 years of excellence**, community, and commitment to creating joyful, meaningful experiences for children.

Safety, Security, and Communication Are Our Top Priorities

While fun is at the heart of Sunshine, safety and strong communication always come first. We pride ourselves on open, consistent, and transparent communication with families. Parents are kept informed through regular updates, emails, phone calls, social media, and direct access to on-site leadership, ensuring they always feel connected, confident, and informed about their child's camp experience.

Our dedicated staff members often work year-round across more than 20 Sunshine elementary after-school programs and truly get to know our campers and families. They meet or exceed all Broward County Child Care Licensing and School Board requirements, including Level 1 local and Level 2 national background screenings with fingerprinting.

Sunshine staff are highly qualified professionals who receive ongoing training in child development, anti-bullying practices, CPR/First Aid, empathy development, child abuse and neglect prevention, and behavior management, ensuring every child is supported, respected, cared for, and free to be themselves.
